

Modern slavery and human trafficking statement 2025

Pieminister is committed to preventing slavery and human trafficking in our business activities, as defined in the Modern Slavery Act 2015. Pieminister follows the Ethical Trading Initiative Base Code and the Ten Principles of the UN Global Compact Code for the elimination of all forms of forced and compulsory labour.

We have robust policies with our suppliers and our staff are aware of their duty to be alert to risks, however small. We take a zero-tolerance approach to modern slavery and human trafficking, and we reserve our right to terminate our contractual relationship with other stakeholders if they breach this policy.
